## The Approach

### What was the scope of their involvement?

We have been working with LogiKom for a couple of years now. They've developed the software platform we needed, and they now provide maintenance services for it.

### What was the team composition?

We've worked with 3–4 people from LogiKom, including one of the owners, a project manager and a sales representative.

### How did you come to work with LogiKom - Software House?

They were recommended to us by another company.

### How much have you invested in them?

We've spent around \$9,000.

### What is the status of this engagement?

We started working together at the end of 2016, and it is an ongoing collaboration.

## The Outcome

### What evidence can you share that demonstrates the impact of the engagement?

The platform developed by LogiKom has helped improve our management efforts and processes a lot, particularly regarding our inventory, budgeting, billing, and more.

### What did you find most impressive about them?

LogiKom's customer service and ability to provide personalized and quick answers to our queries are impressive.

Are there any areas they could improve?

No.

Do you have any advice for potential customers?

I definitely recommend working with them.
